## Placement Co-ordinator's Message

Owing to the fact that the hotel and hospitality industry business is back to normal post covid phase, the placement for batch 2020-2023 was a smooth affair. Maximum students opted for a hotel job, followed by F&B Retail and Retail in general. Facility Management was a new addition to the list of options available to the students, and quite a few of them opted for it as a career choice. A good number of students were able to secure the "Management Trainee" profile in various organizations and sectors, which reflects the hard work and devotion of students and faculties alike. Hopefully this momentum will extend to the future batches as well.
